

"Perfect Temperature Any Season"

Spring 2024

Perfection in Comfort, Efficiency and Home Energy Services

Our team is proud to announce that we are adding new disciplines to our Home Comfort Portfolio. Our quest to provide the best experience in air conditioning services has brought us to the forefront of High Efficiency HVAC upgrades and new home construction. "Net Zero" is the designation and our ultimate goal for home construction and performance remodeling. As the **ONLY** Mitsubishi dealer in

North Florida and South Georgia with the coveted Diamond Contractor Elite certification, we are the most experienced Ductless Contractor with in-house Electrical Services, Solar Energy and General Contracting all under the same ownership and management.

Visit our showroom anytime to see for yourself and experience the absolute **BEST** in Home Comfort Services!

Buyer Beware!

Honesty! Integrity! Accountability!

In today's business climate it is more important than ever to know who you are bringing into your home.

Investment Group Consolidators are buying existing service companies and radically changing the home improvement industry. Unlike the many HVAC providers that have been sold in the last 36 months, I am proud to say that we are still the same local family continually improving the business that my father, Lester Jones, founded in 1959. For over 65 years we have been at the same location with the same phone number.

All I ask is that you give my Tropic Aire family the opportunity to earn your business. I guarantee 100% satisfaction for all services, and you can be sure that I will always be personally available to you anytime.

As always, the Buck Stops Here!

My Best,
Jim Jones

Accept Nothing Less!

CERTIFIED PROFESSIONAL

DIAMOND CONTRACTOR ELITE

GENERAC

Life can be uncomfortable.
Your home doesn't have to be.

PRO PARTNER

Rheem® makes it easy to find the heating & cooling equipment that's just right for your home.

So, whatever the season and whatever your budget, you can feel comfortable even if your daughter's favorite toy becomes your dog's favorite toy.

Cleaner Air, Inside and Out

Did you know that the quality of air inside today's homes is often worse than the air lingering outside? Viruses, bacteria, allergens, dust mites, gasses and other contaminants can circulate inside, creating breathing hazards and bad odors. And the most well-insulated homes, unfortunately, tend to trap odors, pollen and other contaminants within their airtight walls due to a lack of airflow most commonly found in older homes.

A Mitsubishi Electric whole-home zoned comfort system offers several air filtering solutions.

Get trusted protection.

All Electrical Services

GENERAC

Standing by all day, every day from our headquarters in Wisconsin to answer any questions you might have.

GENERAC

Keep Your HVAC System Running Smoothly with Regular Maintenance!

Reasons to have your HVAC maintenance annually:

- Improved Efficiency
- Enhanced Comfort and Indoor Air Quality
- Prevent Costly Repairs
- Extended Lifespan

Regular HVAC maintenance is crucial for ensuring efficient operation and prolonging the lifespan of your system. It involves tasks like cleaning or replacing air filters, checking and adjusting thermostat settings, inspecting ductwork for leaks, lubricating moving parts, and inspecting electrical connections. Manufacturers recommend having your HVAC system serviced at least once a year.
